

# Ben Perkins

## About

Experience Design isn't just a job for me, it's a way of life. I live it and breath it because it fuels my growth and learning. I'm constantly looking for ways to tweak my workflow, my atmosphere or anything that will improve my experience and my ability to impact others experience. When I'm not designing, you can find me cooking new things, exploring new places, or snapping photos.

## Experience

### Lead Designer

Project Gather • June 2018-Now

- Designed and developed a web app for my religious congregation
- The app has generated approximately \$2,000 in savings each year since implementation
- Currently looking at ways to expand out to other congregations

### Developer

Eagle Pointe Title • Jan. 2019-Feb. 2019

- Developed the first website for Eagle Pointe Title according to specifications in the design document and prototype
- Used the Bulma CSS framework to create a fully responsive website structure

## Skills

Self Motivated

Design Thinking

Detail Oriented

Enjoy Teamwork

Spanish Fluency

Bulma

HTML

CSS

## Education

### Digital Media: Interaction Design Utah Valley University

Bachelor's of Science

Orem, UT, USA • December 2020

- Learning the design processes and skills in Interaction Design to create better Digital Media products
- Create and implement digital media products for organizations internally and within the community
